

STATEMENT

9 April 2009

Exhibition: ISH China

Date: 10 – 12 March 2010

Venue: China National Convention Center, Beijing, China

To whom it may concern:

We have recently received information that some exhibition companies in China have contacted past exhibitors of ISH China, inviting them to attend and exhibit an HVAC exhibition to be held during dates similar to ISH China 2010 in China International Exhibition Centre, Beijing. We believe these companies are trying to mislead exhibitors about ISH China. In view of this, the organisers of ISH China would like to clarify the following:

1. ISH China is jointly organised by Messe Frankfurt (Shanghai) Co Ltd, the China District Heating Association and China Council for the Promotion of International Trade Zhejiang Sub-council.
2. ISH China 2010 will be held at the China National Convention Centre, Beijing, China (press centre of the 2008 Beijing Olympics). No other venues will be used.
3. Except authorised agents, no company or individual has the right to engage in the exhibitor and visitor recruitment or any other relevant matters of ISH China 2010. Please contact the organisers for a list of the authorised agents.

If you are interested in joining ISH China, or have any enquiries, please contact us at:
